

Mobile Application Installation Guide

Step 1

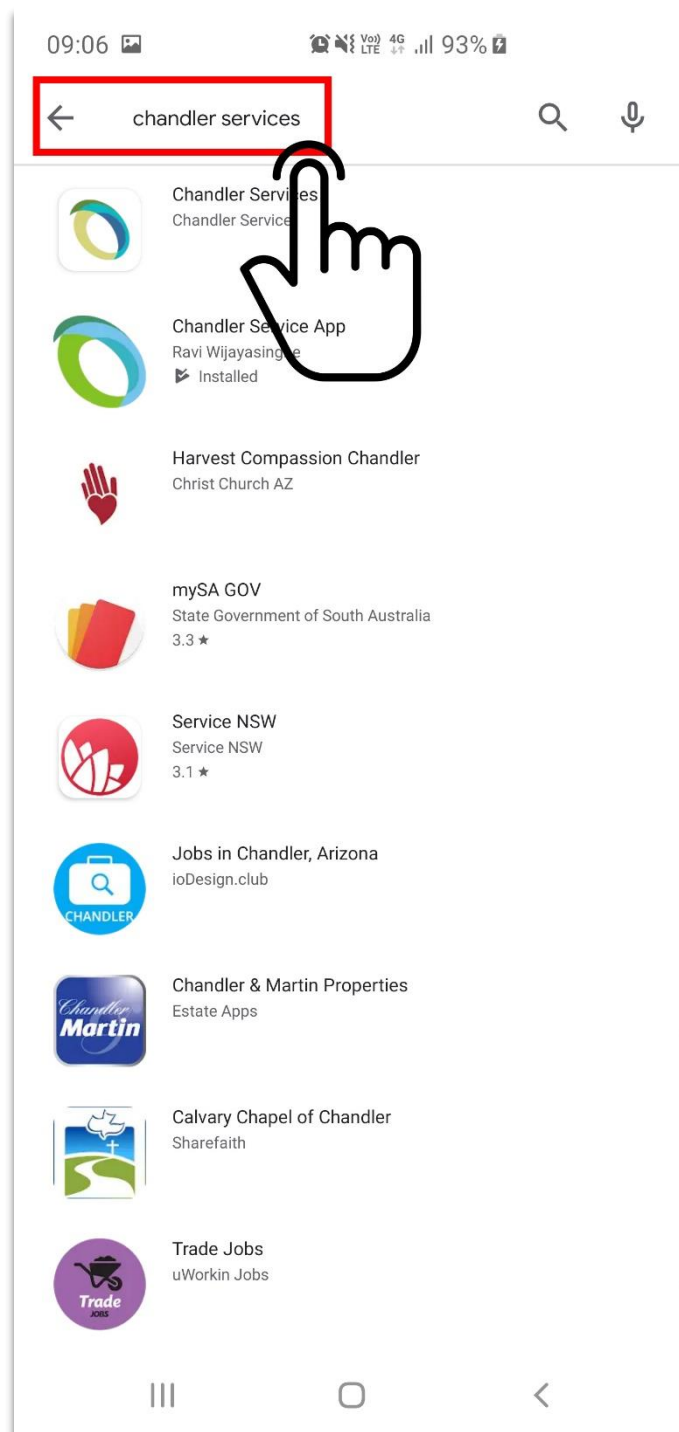

Open Google Play Store. Open up your application drawer. Search for the icon labelled "Play Store".

Step 2

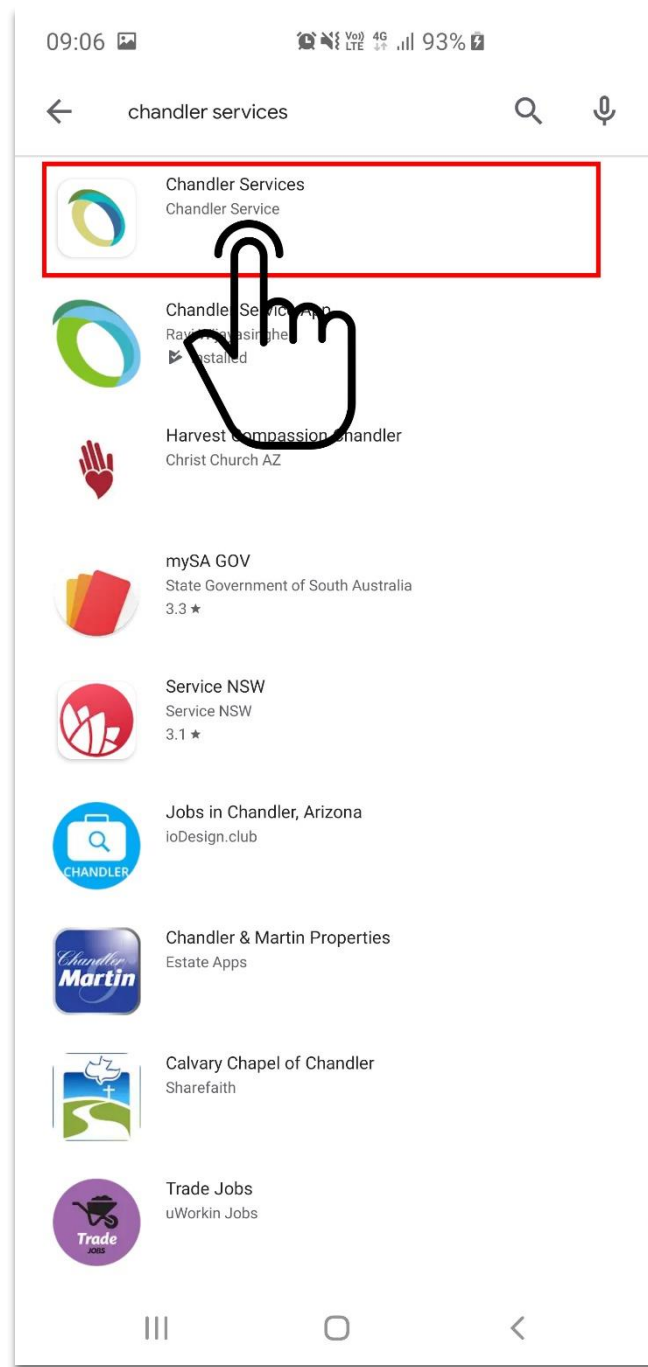

Search for the magnifying glass icon at the upper right of your screen. It should be directly below the time on your device. You should now see your keyboard appear.

Step 3

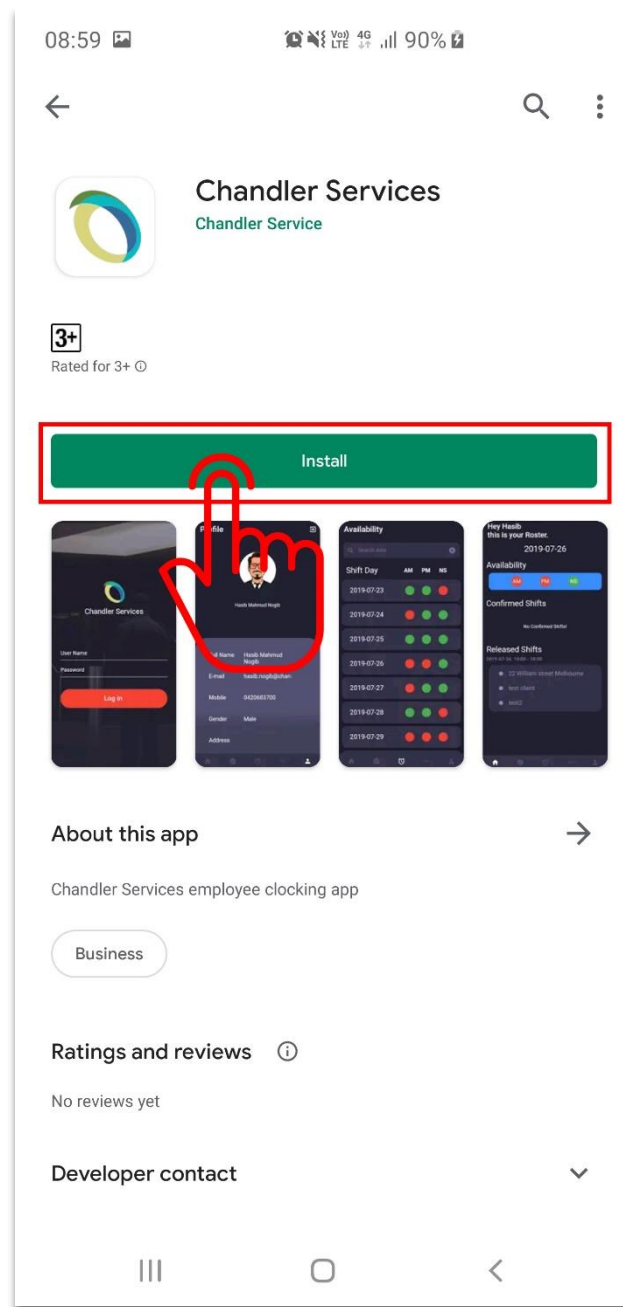

Type in “Chandler Services” the application you wish to install. Press the key that looks like a magnifying glass on your on-screen keyboard. You will now see the results for your search.

Step 4

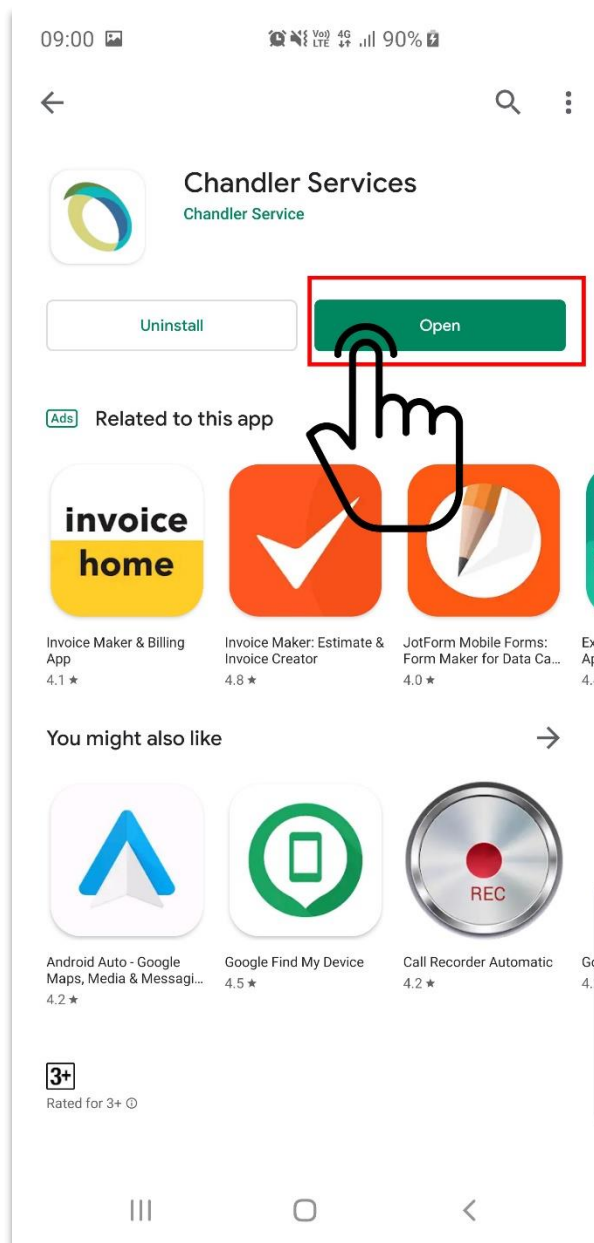

Click on the icon of the application you wish to install. This will bring up the application description, screen-shots, and reviews.

Step 5

Press the “Install” button to install the application. It is located below the search bar, and to the right of the application icon.

Step 6

Open your application here or from your Apps menu.

Please refer the Application User Guide from this point onwards.
